PROFESSIONAL SUMMARY

Python Developer with 3 years of experience in software development, data processing and machine learning applications. Strong knowledge of Python, SQL, Pandas, Scikit-learn and Natural Language Processing. Experienced in developing REST APIs, implementing machine learning workflows and processing structured and unstructured data.

TECHNICAL SKILLS

- **Programming:** Python, SQL
- **Frameworks:** Django, Flask
- **Machine Learning:** Scikit-learn, Random Forest, Gradient Boosting
- **Data Processing:** Pandas, NumPy
- **AI & NLP:** Natural Language Processing, TF-IDF, Cosine Similarity
- **Database:** MySQL, PostgreSQL
- **Tools:** Git, GitHub, Jupyter Notebook, VS Code, Postman
- **Concepts:** REST APIs, Model Evaluation, Data Preprocessing

PROFESSIONAL EXPERIENCE

Python Developer – Tech Solutions Pvt. Ltd.
February 2023 – Present

- Developed backend applications using Python and Django.
- Designed and integrated REST APIs for application modules.
- Processed structured datasets using Pandas and NumPy.
- Implemented machine learning models using Scikit-learn.
- Applied data preprocessing and feature extraction techniques.
- Worked with SQL databases for data storage and retrieval.
- Tested application modules and resolved software issues.

PROJECTS

AI-Based Resume Screening System

- Developed a resume screening application using Python.
- Extracted and processed resume text.
- Used TF-IDF and Cosine Similarity to compare resumes with job descriptions.
- Generated similarity-based matching scores.
- Used structured candidate and job-description data for evaluation.

Customer Classification System

- Built a machine learning classification model using Scikit-learn.
- Applied data preprocessing and feature selection.
- Evaluated model performance using standard evaluation metrics.
- Used Pandas and NumPy for data analysis.

EDUCATION

Master of Computer Applications (MCA)
ABC Institute of Technology | 2022

Bachelor of Science in Computer Science
XYZ College | 2020

SOFT SKILLS

- Analytical thinking
- Problem-solving
- Communication
- Teamwork
- Continuous learning
