ROHIT KRISHNAN

Senior Java Developer

Email: rohit.krishnan@example.com
Location: Ernakulam, Kerala
Phone: +91-9000000005

PROFESSIONAL SUMMARY

Experienced Java Developer with 6 years of professional experience in designing, developing and maintaining enterprise-level applications. Strong knowledge of Java, Spring Boot, REST APIs, Microservices and SQL databases. Experienced in backend development, application integration, debugging and performance optimization.

TECHNICAL SKILLS

- **Programming:** Java, SQL
- **Frameworks:** Spring Boot, Spring MVC, Hibernate
- **Architecture:** Microservices, MVC Architecture
- **Backend:** REST APIs, JDBC
- **Database:** MySQL, PostgreSQL, Oracle
- **Tools:** Git, GitHub, Maven, Jenkins, Postman, IntelliJ IDEA
- **Testing:** JUnit, Mockito
- **Concepts:** Object-Oriented Programming, Data Structures, Exception Handling

PROFESSIONAL EXPERIENCE

Senior Java Developer – Innovate Software Solutions
January 2023 – Present

- Designed and developed backend services using Java and Spring Boot.
- Built REST APIs for enterprise applications.
- Developed and maintained microservices-based application modules.
- Integrated applications with MySQL and PostgreSQL databases.
- Implemented exception handling and application validation.
- Performed code reviews and debugging.
- Collaborated with frontend and QA teams.
- Improved application performance through code optimization.

Java Developer – TechVision Technologies
June 2020 – December 2022

- Developed Java-based web applications.

- Implemented backend business logic using Spring MVC.
- Used Hibernate for database interaction.
- Created and maintained REST API endpoints.
- Wrote SQL queries for data retrieval and updates.
- Participated in testing and application maintenance.

PROJECTS

Enterprise Employee Management Platform

- Developed backend modules using Java and Spring Boot.
- Implemented employee registration and management.
- Created REST APIs for frontend integration.
- Used PostgreSQL for data storage.

E-Commerce Order Management System

- Developed order processing modules using Java.
- Implemented service-based application architecture.
- Integrated payment status and order tracking APIs.
- Used MySQL for database operations.

EDUCATION

Master of Computer Applications (MCA)
ABC Institute of Technology | 2020

Bachelor of Computer Applications (BCA)
XYZ College | 2018

CERTIFICATIONS

- Java Programming Certification
- Spring Boot Application Development
- REST API Development

SOFT SKILLS

- Technical problem-solving
- Team leadership
- Communication
- Project coordination
- Analytical thinking
